ESH-ISH 2021 IS YOUR MEETING!

New dates, same venue, same vision!

Despite the new dates, we stay in the same city of **Glasgow** and in the same congress venue - **SEC Scottish Event Campus**. However, the Scientific Programme Committee will **re-open the agenda** to allow for inclusion of the latest cutting-edge research related to cardiovascular topics associated with COVID-19 and to other late breaking abstracts in the field of hypertension and cardiovascular disease.

This highly anticipated Conference
will be worth the wait!
